Philippe GOUTTARD sensei

Biography

Born in 1954, Philippe Gouttard began Aikido at the age of 16 at the Red Portal Dojo under the direction of Mr. Blachon. It is in this dojo that Mr. Pabiou and Mr. Cognard also started. It was a time when many experts came.

The first course of Philippe Gouttard is thus given by Tamura sensei. He conducts numerous seminars with Japanese experts (Tamura sensei, Noro sensei, Kobayashi sensei), both in France and abroad. It was during Noro's internships that he met Asaïï sensei, who teaches in Germany. This meeting is decisive for him since he goes to follow his teaching in Germany during 7 years.

In 1978, another meeting put him on the rails of his current aikido: Christian Tissier, came to give a seminar in Saint-Étienne. Since that day, he has not stopped following him and has constantly progressed in contact with him. He also met Yamaguchi sensei, whom he regularly met in Japan where he has been practicing every year since the beginning of the 1980s. There, he also attended the classes of Kisshomaru Ueshiba and Kisaburo Osawa. If all three are unfortunately dead today, the revival of teaching at Tokyo Aikikai always gives him the same pleasure since it now follows the courses of the new Doshu, Seishiro Endo sensei, Yasuno sensei, and of all the other masters of the Aikikai.

Technical manager of the Rhône-Alpes region for F.F.A.A.A for 15 years, Philippe Gouttard received the sixth dan of the French Federation, as well as that of the aikikai from the hands of Endo Shihan. He received in 2017 the 7th DAN and the title of shihan

He gives regular courses in France and abroad: Switzerland, Germany, Ireland, Czech Republic, United States, Holland, and in the French islands: Reunion island and Martinique.

He has formed many black belts: Luc Mathevet 6th dan, Cyril Lagrasta 5th dan and many other graduates all over Europe.

Today, he continues his life of budoka, and has a degree in osteopathy since 2007.
